Subject: Weekly Update #41: Safer Illinois App, Student Vaccination Guidelines, Current Services, and IT Checklist
Date: Tuesday, June 22, 2021 2:36:20 PM

Colleagues:

A few things to share today:

- Please note that for this week, all people entering our Library spaces through public entrances will be required to show “Building Access Granted” status on the Safer Illinois app. This includes staff, and we appreciate your understanding with this process.
- The Safer Illinois app is now showing green/fully vaccinated status for those who have been vaccinated and whose documentation has been accepted by the McKinley Health Center.
- Please see the [chancellor’s Massmail](#) for student vaccination guidelines for fall.
- Encourage our patrons to visit the individual unit websites for summer hours and services as these will vary by location.
- The COVID-19 Response page has been updated and is now the [Current Services page](#). This is the content visitors to the Library’s website will see front and center.
- See the June 17 “Technology Return to Work Checklist” email from Tracy Tolliver for important information about tech preparedness for Library employees.

Best,

HEATHER MURPHY
