

Library Serials Binding Quotas

Purpose: This sheet provides the *serials* binding quotas for each library. These are maximum numbers permissible per month. Libraries are free to send fewer items, but they are not permitted to send more than the maximum number of items per month. For further clarification about the numbers, please see the sheet entitled **Binding Quotas and Shipping**.

The column to the left indicates the library; the column to the right indicates the maximum monthly volume of serials binding units permitted. These numbers only apply to current serials binding and do not impact the number of items sent for repair. However, any unit planning an extensive repair or maintenance project is strongly encouraged to contact the Head of Preservation before proceeding.

	Mo. Quota		Mo. Quota
AFX	5	HPNL	53
AGX	193	IHLC	5
AHX	5	LSX	28
AHS	38	MAX	14
