

1205 West Springfield.

Among the persons to occupy this house in the early 80's were Professors Edward Snyder and I.O. Baker (who later moved to Champaign). Professor Snyder came to Urbana in the opening year of the University and was with it for almost 30 years as instructor in military tactics and German. He was a tall well built man, brusque, business-like and yet kindly and sympathetic. This was the residence also for a short time of Professor Samuel Walker Shattuck who wover a period of 44 years was identified with the University in the teaching of mathematics, as acting regent and as manager of financial affairs. Hetwas father of Mrs. James M. White whose husband was the supervising architect of the University for several years. Marion Sparks of the Chemistry Department and her father and mother (George and Esther P.) lived here in 1897-1906. In 1920 R.E. Bottenburg was an occupant. In 1961 Wilson D. (Vida R.) Kemp carpenter was living here.
