## Did You Know?

Your institution is a member of the Higher Education Leadership Initiative for Open Scholarship (HELIOS), a network of more than 80 US colleges and universities working to align higher education practices with open science & scholarship values. HELIOS members are collaborating to make open science & scholarship easier for individual researchers and the institutions that support them; to align incentive structures like hiring and RPT to properly reward open activities such as data sharing and open access; to stimulate durable, scaleable infrastructure that supports open science & scholarship; and to coordinate activities with the governmental, philanthropic, and professional society sectors.
