Engineering Change (Lecture & Workshops)
The aim of Engineering Change with Dr. Agnes Kaposi is to understand the Other and mobilize our libraries to provide more effective and equitable services and programs to underserved communities. Engineering Change is organized in two parts: the Lecture (setting the context) and two stand-alone 1.5-hour Workshops (February 1 and 15, 2022) to facilitate library staff to take action. Learn more at: https://www.library.illinois.edu/conditions/other-
events/
