Checking Course Explorer

First, we need to verify that this course is being taught this semester by this specific instructor, and to determine if there are any cross-listings.

<https://courses.illinois.edu/schedule/DEFAULT/DEFAULT>

Make sure the appropriate semester is selected under **Term** on the right-hand side of the page and search for your course.

Spring 2021		All Classes
Narrow by Subject Code:		
All A B C D E F G H I J K L M N O P Q R S T U V W X Y Z		
<input type="text" value="Search Table..."/>		190 entries
SUBJECT CODE	↓	SUBJECT
AAS		Asian American Studies
ABE		Agricultural and Biological Engineering
ACCY		Accountancy
ACE		Agricultural and Consumer Economics
ACES		Agricultural, Consumer and Environmental Sciences
ADV		Advertising
AE		Aerospace Engineering
AFAS		Air Force Aerospace Studies

If the specific course number/instructor combination is not showing up on the list, contact either the department or the instructor to verify the details of the request.

Many courses are cross listed in multiple departments. In the timetable, cross-listed courses are indicated by **Same as** _____.

AFRO 103

Black Women in the Diaspora

Spring 2021 All Classes

[Course in Catalog](#)
[List of Terms offered](#)
[PDF](#)
[Register for Classes](#)

Show Final Exam Schedule

Credit: 3 hours.

Explores the historical, social, economic, cultural and political realities of black women in the African diaspora with an emphasis on the U.S., Canada, Britain, Africa and the English speaking Caribbean. How macro structures such as slavery, imperialism, colonialism, capitalism, and globalization shaped and continue to circumscribe the lives of black women across various geographic regions. Discussion of the multiple strategies/efforts that black women employ both in the past and present to ensure the survival of the self and the community.

Same as [AFST 103](#) and [GWS 103](#).

This course satisfies the General Education Criteria in Spring 2021 for:
Cultural Studies - US Minority

[Status Icon Legend](#)

Section Status updates every 10 minutes.

In this example: AFRO:103 is cross listed as AFST:103 and GWS:103.

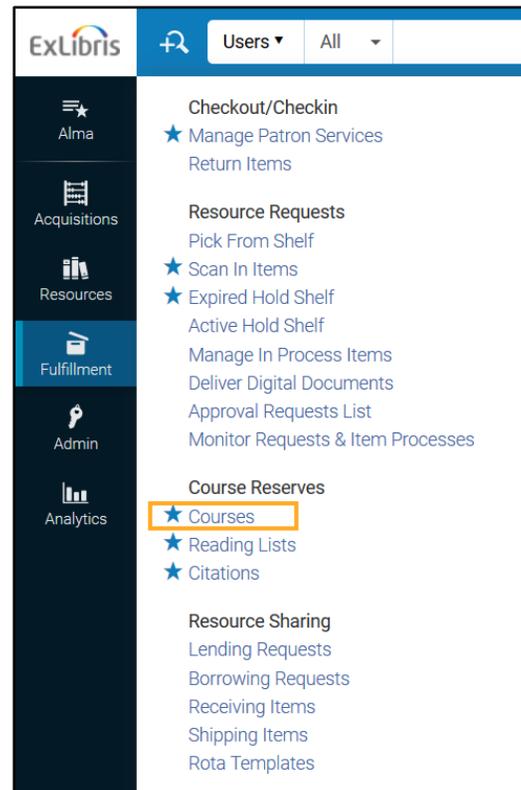

Creating a New Course

After we've confirmed the details, the first step in Alma for processing a course reserves request is to create a Course. The Course contains important information about the class, including instructor and course code.

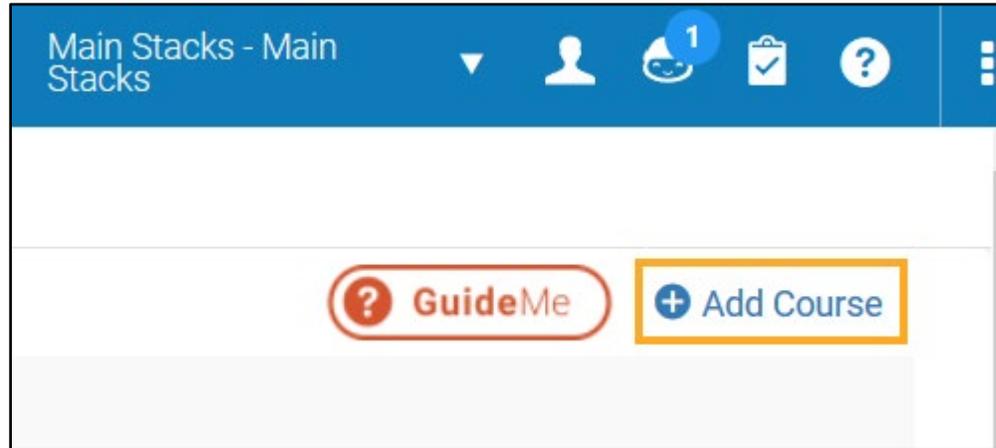

Note: If a course has cross-listed course codes (as in our example of AFRO:103/GWS:103), create a course for each cross-listed entry. In our example, this would mean that we'd follow the process below once for AFRO:103 and a second time for GWS:103 and connect them to the same Reading List. For more, please see [Associating a Reading List with Multiple Courses](#).

To navigate to **Courses**:

1. Select **Fulfillment** from the vertical navigation bar
2. Under **Course Reserves**, select **Courses**.

3. To add a new course, select **Add Course**:

Selecting **Add Course** will navigate you to the course creation wizard. Fill out the three available tabs as follows:

1. **Course Information** tab

1. **Code:** Enter the course code with department and course number separated by a colon. (In the example above, the course number is “AFRO:103”). This field is very important, as it informs how the course will appear to users in Primo VE. If the “Course” you’re adding is not a course, please see [Adding Reserves Lists for Non-Course Groups](#).
2. **Name:** Enter the name of the course as listed in Course Explorer (In the example above, the course name is “Black Women in the Diaspora”).
3. **Processing Department:** Select your department from the dropdown menu.
4. **Terms list:** Select the term for this list from the dropdown menu.
5. **Start date:** This should be at least seven days before the semester begins. See [Future Reserves Dates](#) for recommended reserves lists start dates for future years.

6. **End date:** This should be at least eight days after the semester ends for the list end date. See the [Future Reserves Dates](#) of this guide for recommended reserves lists end dates for future years. If this item is a permanent reserve, see [Items to be kept on Permanent Reserves](#).
7. **Year:** Fill in the year
8. Do not fill in the following fields:
 - a. Academic Department
 - b. Number of participants
 - c. Section
 - d. Weekly hours
9. **Searchable IDs:** You have the option to add searchable IDs. Enter terms here that you think will make the course more findable. Searchable IDs are viewable by patrons in Primo VE, so avoid entering jargon or internal notes in these fields.

2. Instructors tab

Click **Add Instructor** to associate an instructor with this course.

1. Search for the instructor by barcode or NetID in the dropdown menu. You can also search by name but should use unique identifiers (like barcode and NetID) whenever possible for accuracy.
2. Click **Add Instructor**

3. **Notes** tab

Use as your unit sees fit. At this time this does not appear to display in Primo, but please keep in mind that if settings change it is possible that this note could become viewable for patrons.

4. **Campus** tab

Do not fill out any information on the Campus tab

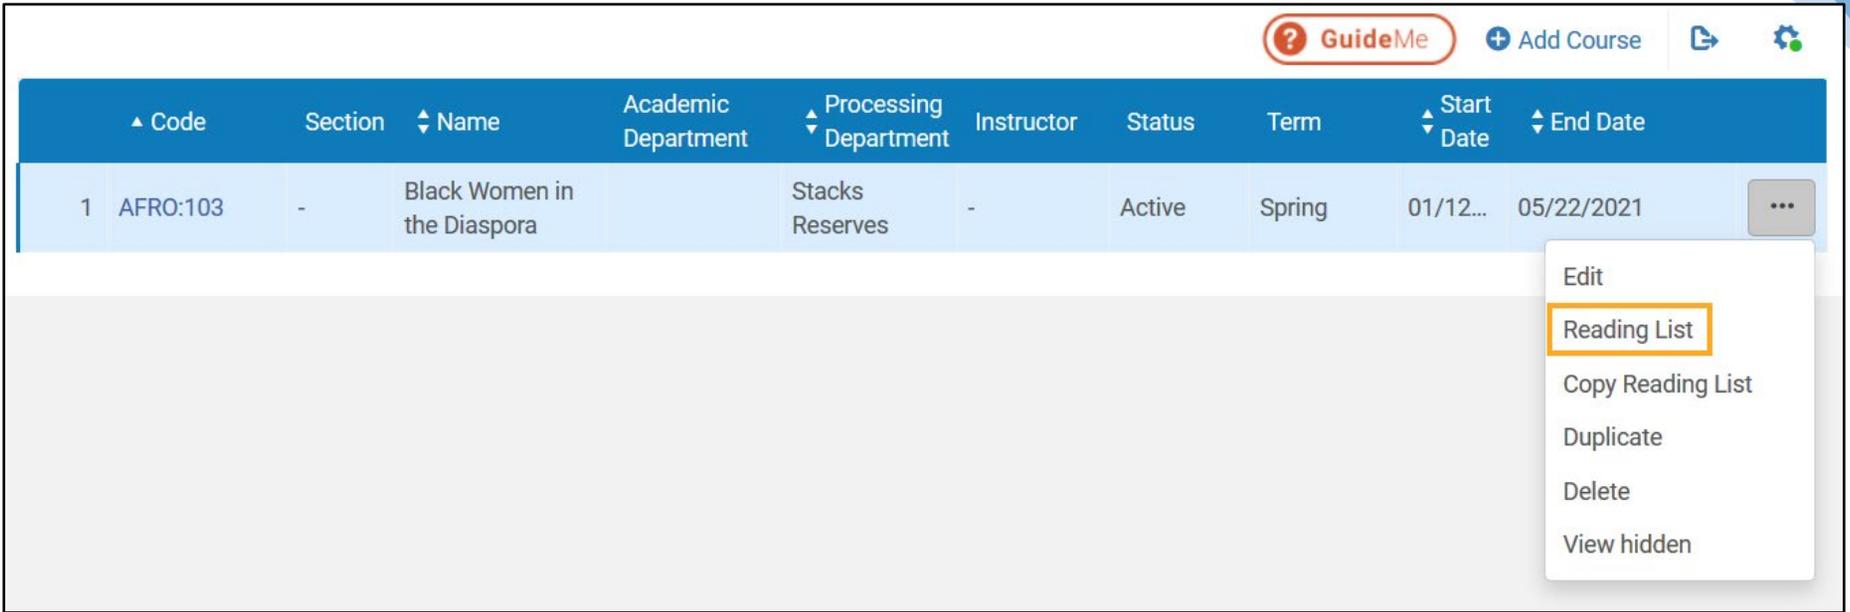

Once all tabs are completed, click **Save** to save this course.

Creating a Reading List

Once you've created a Course, the next step is to add a Reading List. The Reading List is where you'll add the items (Citations) needed to complete a course reserves request.

After creating a Course (or identifying an existing Course to add a Reading List to), please follow the steps below.

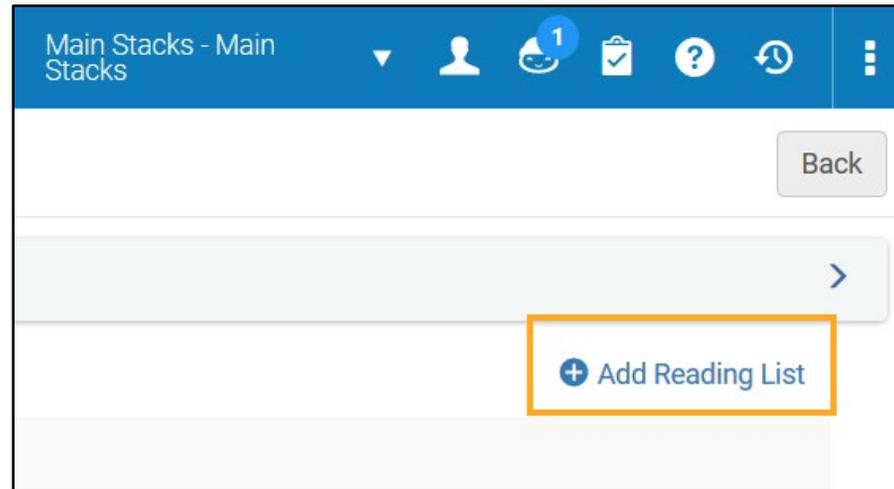

1. Start in the **Courses** screen (Fulfillment > Course Reserves > Courses).
2. Locate the Course for which you would like to set up a Reading List.
3. Select **Reading List** in the row action (...) menu for this course. The Course's Reading List page appears.

The screenshot shows a web application interface for managing course sections. At the top right, there is a "GuideMe" help icon, an "Add Course" button, and a settings gear icon. Below this is a table with the following columns: Code, Section, Name, Academic Department, Processing Department, Instructor, Status, Term, Start Date, and End Date. The first row of the table contains the following data: 1, AFRO:103, -, Black Women in the Diaspora, Stacks Reserves, -, Active, Spring, 01/12..., 05/22/2021. A context menu is open over the first row, listing the following options: Edit, Reading List (highlighted with an orange box), Copy Reading List, Duplicate, Delete, and View hidden.

Code	Section	Name	Academic Department	Processing Department	Instructor	Status	Term	Start Date	End Date
1	AFRO:103	-	Black Women in the Diaspora	Stacks Reserves	-	Active	Spring	01/12...	05/22/2021

4. Select Add Reading List. The Add Reading List dialog box appears.

The screenshot shows a dialog box titled "Main Stacks - Main Stacks". The header bar contains a dropdown arrow, a user profile icon, a notification bell with a "1" badge, a checkmark icon, a question mark icon, a refresh icon, and a menu icon. Below the header bar is a "Back" button. A large light blue arrow points to the right. At the bottom, a button labeled "+ Add Reading List" is highlighted with an orange box.

5. Enter the Reading List information.

The screenshot shows the 'Course's Reading List' interface. At the top, there is a back arrow and the title 'Course's Reading List'. Below this, there is a search bar with a dropdown menu set to 'All' and a search icon. To the right of the search bar is a '+ Add Reading List' button. Below the search bar, there is a status filter dropdown set to 'Status: All'. The main content area is a white modal window titled 'Add Reading List'. Inside this modal, there are four input fields: 'Code: *' with the value 'AFRO:103/GWS:103 - Fish - Spring 21', 'Name: *' with the value 'Black Women in the Diaspora', 'Status:' with a dropdown menu set to 'Being Prepared', and 'Due Back Date:' with the value '05/22/2021' and a calendar icon. At the bottom of the modal, there are three buttons: 'Add', 'Close', and 'Add and Close'.

- Code:** For consistency and ease of searching, we suggest the following format for your Code:
 Course code – Instructor last name – Term – Three letter library location code
 Example: AFRO:103/GWS:103 – Fish – Spring 2020 – STX
 This format allows for library staff to identify information about the list at a glance.
- Name:** Enter the name of the course as listed in Course Explorer
- Status:** In our Alma environment, statuses during this step are for your reference only. They can be used however best works for your unit. **Being Prepared** may be the status that you want to set a new list to.
- Due back date:** This field should auto-populate from the date that you supplied as the end date for the course.

6. Click **Add and Close**

Adding and Creating Citations

Now that you have your Reading List set up, you're ready to add items to your list.

1. Select **Work On** from the row action list for the course.

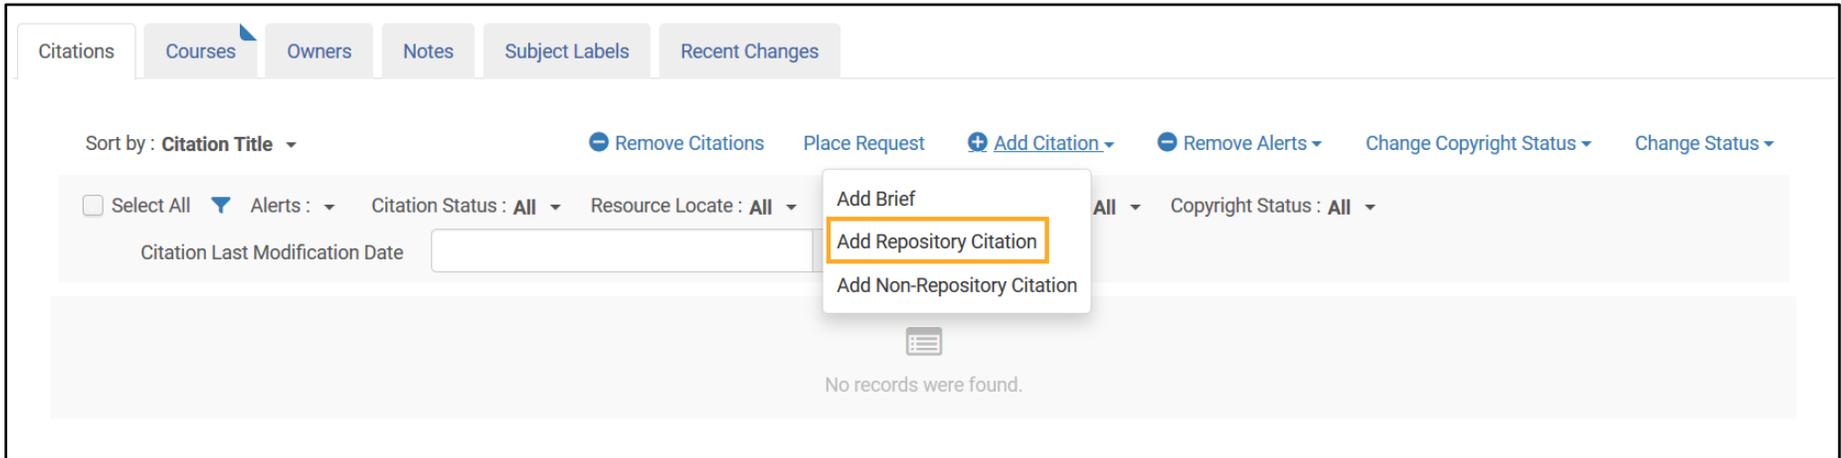

Code	Name	Status	Assignee	Owner/s	Due Back Date	
AFRO:103/GWS:103 - 1 Fish - Spring 2021 - STX	Black Women in the Diaspora	Being Prepared	-	-	05/22/2021	...

- View
- Work On
- Reassign
- Duplicate
- Associate this list with a course
- Remove associated course
- Delete
- Purge
- View hidden

2. You'll automatically be navigated to **Edit Reading List**.
3. At the bottom of the screen, select **Add Citation**.
4. You'll be given three options (**Add Brief**, **Add Repository Citation**, **Add Non-Repository Citation**). Do not use **Add Non-Repository Citation**.
 - a. If the library owns the item that you're adding to the list, select **Add Repository Citation**.
 - b. If the item is a personal copy submitted by an instructor, select **Add Brief**.

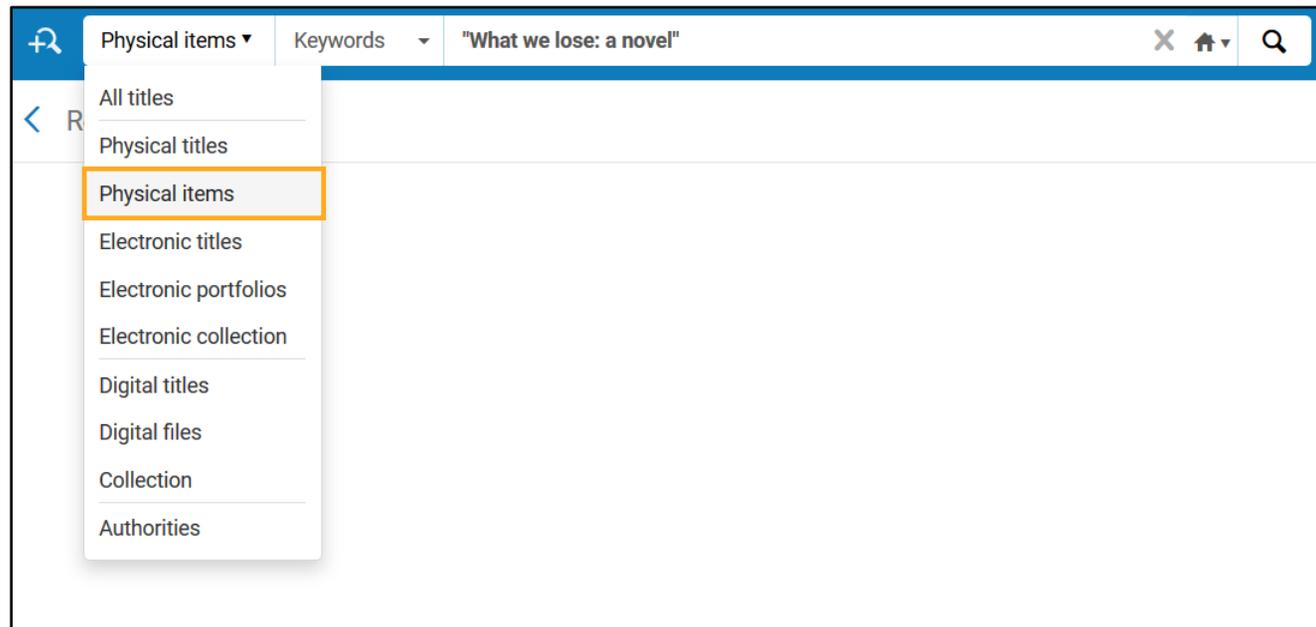

Adding a Repository Citation

If the library owns the item that you're adding to the list, select **Add Repository Citation**.

The screenshot shows a library interface with several tabs: Citations, Courses, Owners, Notes, Subject Labels, and Recent Changes. The 'Citations' tab is active. Below the tabs, there are several action buttons: Remove Citations, Place Request, Add Citation (with a plus icon), Remove Alerts, Change Copyright Status, and Change Status. The 'Add Citation' button is open, showing a dropdown menu with three options: Add Brief, Add Repository Citation (highlighted with an orange box), and Add Non-Repository Citation. Below the dropdown, there is a search bar labeled 'Citation Last Modification Date' and a message 'No records were found.'

1. This will direct you to a Repository Search for the item in question.
2. Use the persistent search bar to search for the item.
 - a. **Before searching for an item, choose “Physical Items” as the search parameter.** This step is important, as a Physical Title search could lead to all items on a bib record being added to your Reading List.
 - b. Search for the item you would like to add to the Reading List.

3. Once the search has run, check the check box for the item that you want to add on the left side of each entry.
4. Once you've checked the box for the copy of the item that you'd like to connect to the Reading List, click **Select**.

Physical Items | Contains Phrase "What we lose: a novel" Cancel **Select**

Select All 1 - 2 of 2 1 rows selected 1 rows selected

2 <input checked="" type="checkbox"/>	<p>What we lose : a novel / Zinzi Clemmons. Book By Clemmons, Zinzi, (New York, New York : Viking, [2017]) Barcode: 30112123140896 Library: History, Philosophy and Newspaper Library Creation Date: 02/21/2018 18:00:00 CST Modification Date: 06/04/2020 15:09:58 CDT Expected Arrival Time: - On Hold Expiration Date: -</p>	<p>Call Number: 813 C5919w Call Number Type: Dewey Decimal classification Status: Item in place Due back: - Item Policy: BOOK 16/4 WKS Material Type: Book</p>	<p>Item ID: 23889322820005899 Holdings ID: 22889322830005899 MMS ID: 99840720412205899</p>

5. After the item is added, Alma will navigate you automatically back to the Reading List you're currently working on. As you can see, this item has been successfully added to the AFRO:103 Reserve List.

Creating a Brief Record (Personal Copy)

If the item is a personal copy submitted by an instructor, follow this procedure to establish a citation for the item.

1. Select **Add Brief**.

The screenshot displays a library catalog interface. At the top, there are tabs for 'Citations', 'Courses', 'Owners', 'Notes', 'Subject Labels', and 'Recent Changes'. Below the tabs, the sorting is set to 'Citation Title' and shows '1 - 1 of 1'. A row of action buttons includes 'Remove Citations', 'Place Request', 'Add Citation', 'Remove Alerts', and 'Change Copyright Status'. A filter bar contains 'Select All', 'Alerts', 'Citation Status: All', 'Material Type: All', 'Tags: All', and 'Copyright Status: All'. A search box is labeled 'Citation Last Modification Date'. A dropdown menu is open under 'Add Citation', with 'Add Brief' highlighted in orange. Other options in the menu are 'Add Repository Citation' and 'Add Non-Repository Citation'. At the bottom, a list item is partially visible: '1 [What we lose : a novel](#)'.

2. This will create a pop-up message that will prompt you to choose the **Citation Type**. Choose **Physical Book**.

Citation Type Physical Book Physical Article

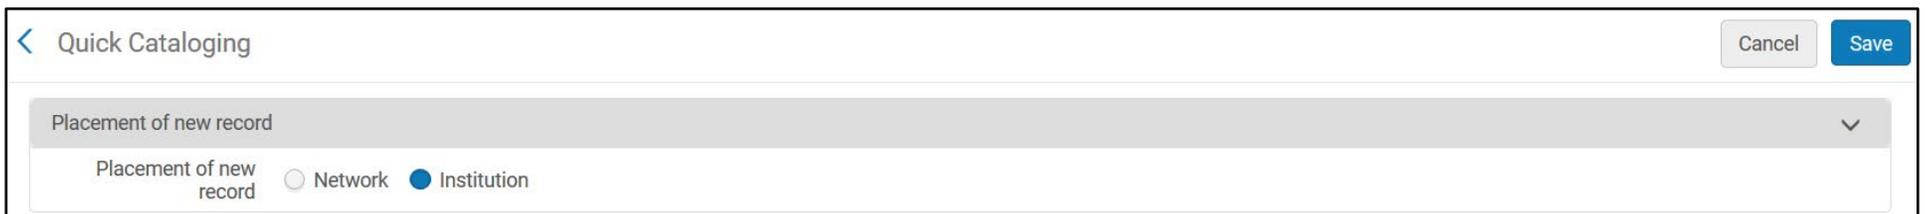

Electronic Book

Electronic Article

Cancel Choose

The screenshot shows a form with the title "Citation Type". There are four radio button options: "Physical Book" (selected), "Physical Article", "Electronic Book", and "Electronic Article". At the bottom right, there are two buttons: "Cancel" and "Choose". The "Choose" button is highlighted with an orange border.

- Alma will navigate you to a **Quick Cataloging** page to edit the brief record.
- Under **Placement of New Record**, choose **Institution**. This is an important step that ensures that I-Share users aren't able to find this item in Primo searches.

Quick Cataloging Cancel Save

Placement of new record

Placement of new record Network Institution

The screenshot shows the "Quick Cataloging" page. At the top left is a back arrow and the text "Quick Cataloging". At the top right are "Cancel" and "Save" buttons. Below this is a section titled "Placement of new record" with a dropdown arrow. Underneath, there are two radio button options: "Network" and "Institution". The "Institution" option is selected.

- Under **Resource Information**, fill in the following fields:

Resource Information

Title *	Half of a Yellow Sun	Author initials	
Author	Chimamanda Ngozi Adichie	ISBN	
Edition		System Control Number	
LCCN		Barcode	
Other standard ID		Publisher	
Remote record ID		Place of publication	
Publication date	2007	Source	
Additional person name		Call number	AFRO:103 Fi100
Series title number		Volume	
Note		Chapter number	
Part		Start Page	
Pages		Chapter author	
End Page		Editor	
Chapter title			

Course Restricted
 Suppress from Discovery

- Title:** Supply the item's title
- Author:** Supply the item's author
- Call number:** To create a call number for a personal item, we suggest using the course code (in this example, AFRO:103). Then, create a cutter number to add to the end using the first two letters of the instructor's last name plus a three-digit number (e.g. Fi100). The three-digit number can be anything of your choosing but be careful not to re-use numbers from personal items that were previously on reserve. An example of a completed call number for this personal reserve copy would be "AFRO:103 Fi100". A second item could be "AFRO: 103 Fi101", and so on.
- Publication date:** Supply the year that the item was published.
- Other fields:** Other fields are not required. Please supply any additional information as desired.
- Course Restricted:** Check this box. This allows the item to be found through Course Reserves searches in Primo, but not through regular searches.
- Suppress from Discovery:** Uncheck this box. If this box is checked, the item will not be discoverable in Primo.

6. Under **Citation Parameters**, you do not need to change anything.

7. Under **Item Location**

a. **Location:** Find your Library in the list. Under your Library, select **Reserves**.

Chapter title	Government Documents Stats Collection (docst-nc)	Editor	<input type="text"/>
Course Restricted	Mezzanine (stmezz)		
Suppress from Discovery	Microforms (stm)		
	Microforms Non-circulating (stm-nc)		
Citation Parameters	On Order (stonord-nc)		
Copyright Status	Periodicals Non-circulating (stper-nc)		
Material Type	Reference Non-circulating (stxref-nc)		
	Reserves (stxresv)		
Item Information	Serials Office (stserof-nc)		
Location	<input type="text" value="Look-up or select"/>	Barcode	<input type="text" value="3011200000001"/>
Material Type	<input type="text" value="Book"/>	Item policy	<input type="text"/>
Public note	<input type="text"/>		

b. **Material Type:** Choose the most appropriate type for the item that you are adding.

c. **Barcode:** Attach a barcode to the item and enter it into this field.

d. **Item policy:** If this item will circulate for two hours as most reserves do, you do not need to select an item policy. The Reserves location will inform how the item circulates. If you need help determining whether an item policy is needed, please [contact Central Access Services](#).

Item Information			
Location	<input type="text" value="Main Stacks: Reserves (stxresv)"/>	Barcode	<input type="text" value="3011200000001"/>
Material Type	<input type="text" value="Book"/>	Item policy	<input type="text"/>
Public note	<input type="text"/>		

8. Return to the top of the screen and select **Save**.
9. Once the citation has saved, Alma will return you to the Reading List that you were working on. If you have the item in hand and are able to place the item directly onto the reserve shelf at this time, scroll down to the citation that you just created and click **Set Complete**.

Requesting or Recalling Items for Course Reserves

After you've added your Citation(s) to your Reading List, Alma makes it very simple to request or recall the items you need.

1. Check the box next to any citation in the list that you would like to request. You can also check **Select All** to request all items that you've added to this Reading List.
2. Click **Place Request**.

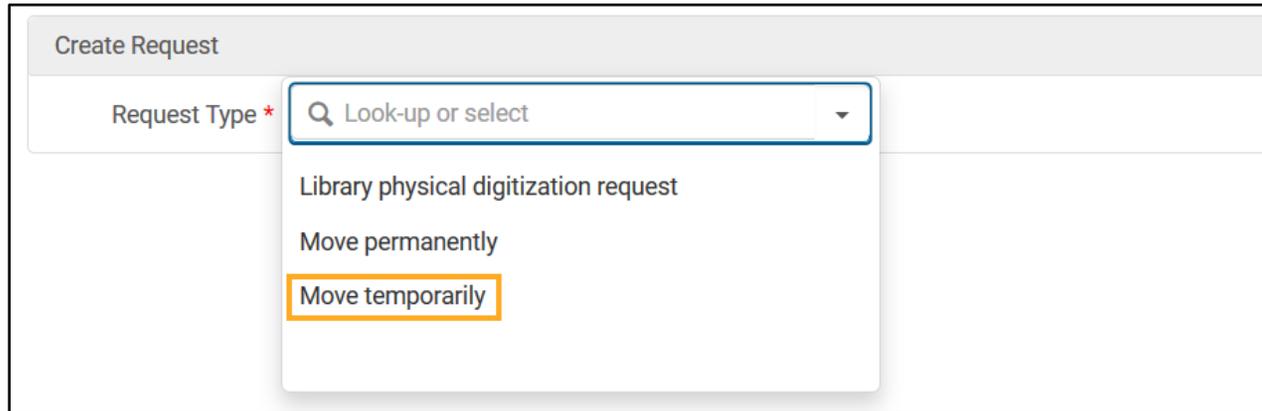

The screenshot displays the Alma interface for managing course reserves. At the top, there is a toolbar with buttons for 'Remove Citations', 'Place Request' (highlighted with an orange box), 'Add Citation', 'Remove Alerts', 'Change Copyright Status', 'Change Status', and 'Expand'. Below the toolbar is a filter bar with options for 'Select All', 'Alerts', 'Citation Status: All', 'Resource Locate: All', 'Material Type: All', 'Tags: All', and 'Copyright Status: All'. A search field for 'Citation Last Modification Date' is also present.

The main content area shows a list of citations. The first citation is '1 [checked] Recharting the Black Atlantic : modern cultures, local communities, global connections'. The citation details are as follows:

- Book** (Routledge 2008.)
- ISBN:** 9780203929582; 0203929586; 0415961114; 9780415961110
- Series:** Routledge research in Atlantic studies ; 1
- Subject:** African diaspora. – Africans–Migrations. – Blacks–Intellectual life. and others
- Request Status:** Being Prepared
- Resource Locate Status:** Resource Located
- Copyright Status:** Not Determined
- Created By:** BLANKENSHIP, KRISTEN
04/15/2021 12:49:18 CDT
- Modified By:** BLANKENSHIP, KRISTEN
04/15/2021 12:49:19 CDT

At the bottom of the citation entry, there are buttons for 'Edit', 'Set Complete', and a menu icon. Below the citation details, there are tabs for 'Physical (1)', 'Electronic', 'Digital', 'Other', 'Citation Details', 'Alerts', and 'More Info'.

3. Alma will navigate you to a screen where you can choose the type of request. Choose **Move temporarily**. It is very important not to select Move permanently from this menu.

The screenshot shows a web form titled "Create Request". The form has a field labeled "Request Type *" with a search icon and the text "Look-up or select". A dropdown menu is open, showing three options: "Library physical digitization request", "Move permanently", and "Move temporarily". The "Move temporarily" option is highlighted with an orange border.

4. Alma should automatically update the screen to allow you to place a Move temporarily request.

Create Request

Request Type * **Move temporarily**

Note **Needed for course reserves, AFRO:103 Spring 2021. -kb/cas**

To * **Main Stacks**

Additional Request Attributes

Destination Locations

Call Number Type

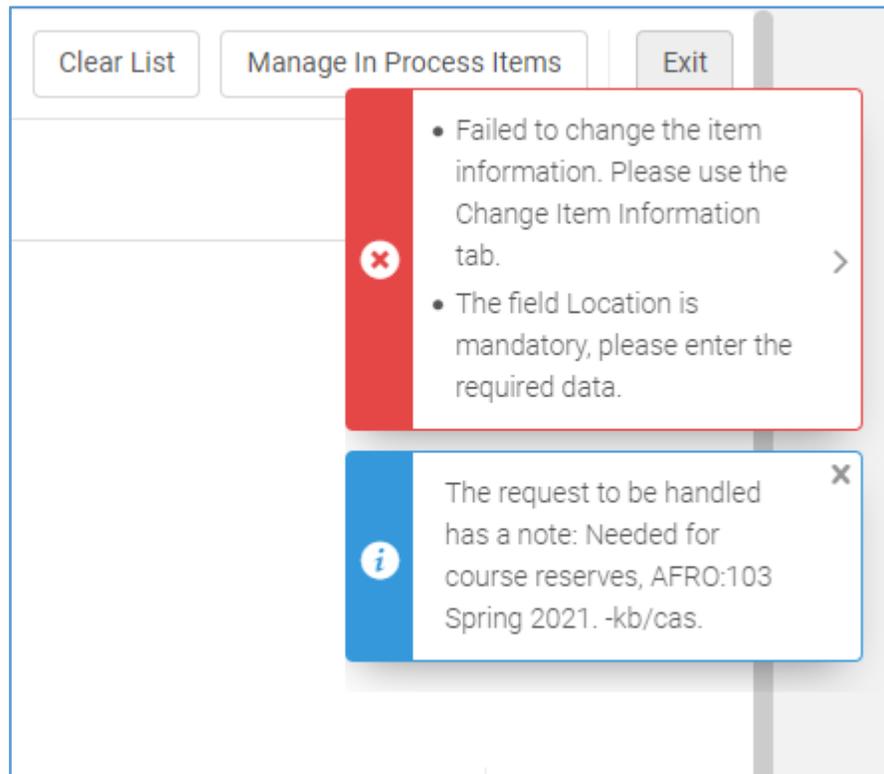

Call Number

Item Policy

Due Back

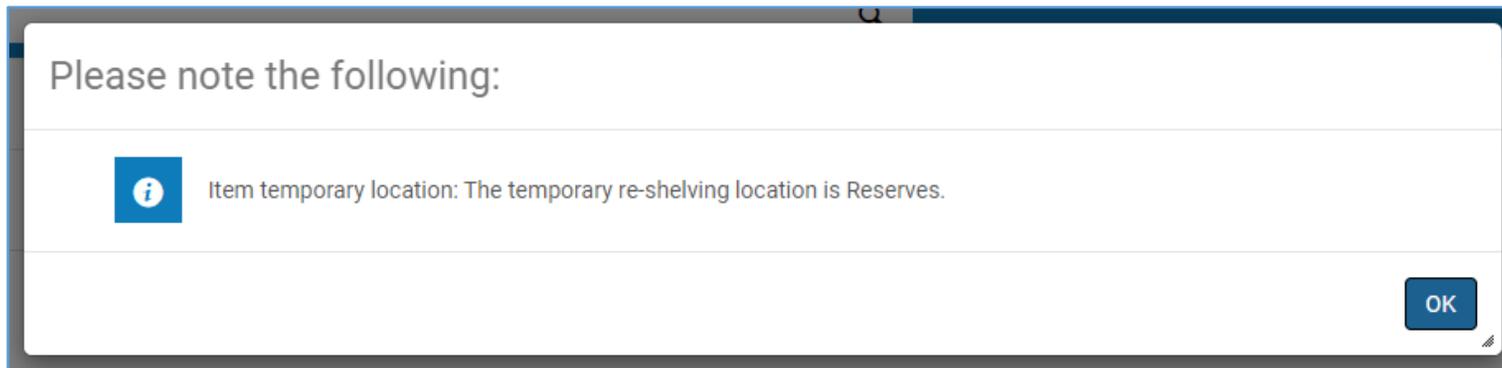

5. Fill in the following fields:
- Note:** We recommend noting that the item is being requested for course reserves.
 - To:** Your location
 - Destination Locations:** Your unit has a two options for this field. **We recommend not providing a destination location and leaving this field blank.**

If you don't provide a location, Alma will give an error when you scan the item in:

Any note you made for the request will also popup here. These popups can alert the operator that is scanning in items that they should be given to someone who processes reserves for your unit. Then, you can follow the directions in the [Processing Items for Reserves](#) section of this guide to update the item's Temporary Location when it's fully processed and ready to circulate from your Reserves location.

If you do provide a Destination Location, when the item is scanned in at your circulation desk, Alma will **automatically update the temporary location to Reserves and will not alert the operator that the location has changed**. Alma will not generate a routing slip. The only indication of the change will be a pop-up to reshelve in reserves:

The item will also show up in Primo as available for check out through Reserves shortly after it's scanned in, which may not be ideal if you have further steps to take before it will be ready to circulate.

- d. **Due Back:** Due Back Date is something that you set for the Course and Reading List for Reserves, so this shouldn't impact your request. We recommend leaving this field blank. Please note that this does not change the due date for an item being recalled.

Please leave other fields blank.

- 6. Click **Submit**. This will place a request for available items, as well as recall any items that are currently checked out. The due date for a recalled item will not change automatically. Please see [Adjusting the due date for a recalled item](#) for more about updating due dates for recalled items.

[Adjusting the due date for a recalled item](#)

1. When an item is recalled, the patron will first receive a notice that the item's status has changed to **Recalled**.
2. Alma will not change the current due date. If we need this item sooner, navigate to the patron's Loans via **Manage Patron Services**.
3. Locate the recalled item(s). Click the row action (...) button and choose **Change Due Date** to select a date at least two weeks from today's date for the recall to be due.

The screenshot shows a 'Select Due Date' modal dialog overlaid on a library system interface. The dialog contains two input fields: 'New Due Date *' with the value '04/30/2021' and 'At(HH:MM)' with the value '17:00'. Below the inputs are 'Cancel' and 'Change Due Date' buttons. In the background, a table of loan items is visible, with the first row showing a due date of '05/13/2021 22:00:00 CDT'.

	Due Date	Title	Barcode	Fin	Loan Status	Loan Date	Item Policy	Library	Loan Notes
1	05/13/2021 22:00:00 CDT	Recharting the Black Atlantic : modern cultures, local communities, global connections / edited by Annalisa Oboe and Anna Scacchi.	30112086935670	-	Recalled	04/15/2021	BOOK 16/4 WKS	Main Stacks	...

4. Choose the **New Due Date**. If desired, fill in your library's closing time for **At(HH:MM)** in military time (e.g., 17:00 = 5pm); this is not required.
5. Click **Change Due Date**.
 - a. When the new due date is entered, the patron will receive a second notice to let them know that the due date has changed.
 - b. **When you're done in Manage Patron Services and want to leave this screen, we recommend not clicking Done in the top right corner.** Clicking **Done** here will generate a third notice to the patron that summarizes the transaction again and may be confusing. We recommend navigating away from this screen through your Alma menu to avoid sending this third notice.

Processing Items for Reserves

Once you have a physical item in hand, follow these directions to add it to your Reading List.

1. Select the **Fulfillment** menu, then navigate to **Scan in Items** under **Resource Requests**.

2. Select the **Change Item Information** tab

The screenshot shows a web interface titled "Scan In Items". At the top, there are two tabs: "Scan in Items" and "Change Item Information". The "Change Item Information" tab is highlighted with an orange border. Below the tabs, there are several form fields and controls:

- "Automatically print slip" with radio buttons for "Yes" (selected) and "No".
- "Register in-house use" with an unchecked checkbox.
- "Work Order Type" with a dropdown menu.
- "Scan item barcode *" with a search input field containing "Look-up or select", a magnifying glass icon, and an "OK" button.
- "Scan request ID" with an input field and an "OK" button.
- A "Create Item" button on the right side.

3. Fill out the following fields on the **Change Item Information** tab:

- Change Type:** This should automatically populate with **Temporary**. If it doesn't, please select **Temporary** from the dropdown menu. **It is very important not to choose Permanent from this menu.**
- Location:** Choose the appropriate location from the dropdown menu. This will typically be **Reserves**.
- Item policy:** If this item will circulate for two hours as most reserves do, you do not need to select an item policy. The Reserves location will inform how the item circulates. If you need help determining whether an item policy is needed, please [contact Central Access Services](#).
- Reading List:** You can select the Reading List that you're adding this item to by searching for the Reading List using the course code. This might be helpful if you're scanning in a stack of items for a specific course that you already have in hand. Adding the Reading List here automatically marks the Citation Complete in the Reading List.

Change Type	Title	Destination	Barcode	Location	Call Number Type	Call Number	Due Back	Item Policy	
1 Temporary	Recharting the Black Atlantic : modern cultures, local communities, global connections / edited by Annalisa Oboe and Anna Scacchi.	Reshelve	30112086935670	Reserves	-	909.0496 R243	05/22/20...	-	⋮

7. In the Reading List, mark this Citation **Complete**. If you added the item to the Reading List using Scan In Items in step 3d, you can skip this step.

The screenshot shows a library catalog interface. At the top, it says "Sort by: Last modified" and "1 - 3 of 3". Below this are several action buttons: "Remove Citations", "Place Request", "Add Citation", "Remove Alerts", "Change Copyright Status", "Change Status", and "Expand". There are also filter options for "Alerts", "Citation Status", "Resource Locate", "Material Type", "Tags", and "Copyright Status". A search box for "Citation Last Modification Date" is present. The main content area displays a single citation for "Recharting the Black Atlantic : modern cultures, local communities, global connections". The citation details include: "Book (Routledge 2008.)", "ISBN: 9780203929582; 0203929586; 0415961114; 9780415961110", "Series: Routledge research in Atlantic studies ; 1", and "Subject: African diaspora. -- Africans--Migrations. -- Blacks--Intellectual life. and others". The citation status is "Request Status: Being Prepared", "Resource Locate Status: Resource Located", and "Copyright Status: Not Determined". The citation was created by "BLANKENSHIP, KRISTEN" on "04/15/2021 12:49:18 CDT" and modified by "BLANKENSHIP, KRISTEN" on "04/15/2021 13:32:30 CDT". At the bottom of the citation entry, there are tabs for "Physical (1)", "Electronic", "Digital", "Other", "Citation Details", "Alerts(2)", and "More Info". The "Set Complete" button is highlighted with a yellow box.

Completing a Reading List

When you have added all course materials to a reading list, you can now set the Reading List status to complete.

1. Locate the completed Reading List that you would like to mark Complete.
2. Using the drop-down menu, set "Status" to "Complete."

Associating a Reading List with Multiple Courses

If a course is cross listed, follow these directions to link the Reading List to each course.

1. Create any needed Courses using the directions under [Creating a New Course](#).
2. Once this is completed, navigate to the Reading List that you want to link to multiple Courses
3. In the row action (...) menu, select **Associate this list with a course**.

Alerts : All ▾

Taking Physical Items Off of Reserves

“Restore Item” Requests in Alma

In Alma, a job runs nightly to generate requests for items that are shelved in temporary locations and are scheduled to be returned to their permanent location. For course reserves, this will happen once the **Due Back Date** that you set for your Reading Lists has passed. The request type is **Restore item**. These requests will appear in your unit’s Pick From Shelf list as individual requests, and you can limit the list to show just these Restore item requests using facets.

If you are sending it back to its permanent location, you can use Scan in Items to simply scan the item in as if it were a return. This will route it for reshelving to its permanent location. If you find that you need to keep the item on reserves for longer, you can also cancel this request and update the Due Back Date in your Course and Reading List.

Processing Items Off of Reserves

A week after the end of the semester, it's time to remove physical items that are on reserves and route them back to their permanent locations. This is the recommended time to take them off of reserves, but this can be any date that you've indicated as the Due Back Date in your Course and Reading List.

1. Select the **Fulfillment** menu, then navigate to **Scan in Items** under **Resource Requests**.
2. Select the **Change Item Information** tab.
3. In the **Change Type** field dropdown menu, choose **Restore**.

The screenshot shows the 'Change Item Information' tab in the 'Scan in Items' section. The 'Change Type' dropdown menu is open, displaying three options: 'Permanent', 'Temporary', and 'Restore'. The 'Restore' option is highlighted with an orange border. Below the dropdown, there are several input fields: 'Location *' (set to 'Permanent'), 'Call Number Type' (set to 'Temporary'), 'Reading List', 'New Barcode', and 'Scan item barcode *'. The 'Scan item barcode *' field has a search icon and an 'OK' button. At the bottom, there is a 'Check Requests' checkbox which is checked.

4. Once you choose Restore, your screen will update to a simplified version of the Change Item Information Tab.
5. In the **Scan Item Barcode** field, scan the item barcode.

Alma will add a row to your change history to indicate that the item has been successfully restored to its permanent location. A printing dialog box will automatically pop up to print a transit slip if needed.

Deleting Courses and Reading Lists

At the end of a semester, best practice is to delete any Courses and Reading Lists that will not remain in use for the following semester. The process for deleting Courses and Reading Lists is the same.

1. Search for the Course or Reading List that you're going to delete.
2. In the row actions for the list, select **Delete**.

The screenshot shows the 'Reading Lists Task List (1 - 1 of 1)' interface. It features a navigation bar with tabs for 'All', 'Assigned to Me', 'Unassigned', and 'Assigned to Others'. Below the tabs are filters for 'Alerts: All' and 'Processing Department: Stacks Reserves'. A table with columns for Code, Name, Status, Assignee, Owner/s, Due Back Date, and Alerts is displayed. The first row contains the following data: Code 'AFRO:103/GWS:103 - Fish - Spring 2021 - STX', Name 'Black Women in the Diaspora', Status 'Being Prepared', Assignee '-', Owner/s '-', Due Back Date '05/22/2021', and Alerts '✓'. A context menu is open over the 'Delete' option, which is highlighted with an orange box. The menu options are: View, Work On, Reassign, Duplicate, Associate this list with a course, Remove associated course, All Reading Lists for this Course, Delete, Purge, and View hidden.

	Code	Name	Status	Assignee	Owner/s	Due Back Date	Alerts
1	AFRO:103/GWS:103 - Fish - Spring 2021 - STX	Black Women in the Diaspora	Being Prepared	-	-	05/22/2021	✓

Other Course Reserves scenarios

Adding Reserves Lists for Non-Course Groups

Occasionally, certain campus reading or colloquium groups will request that readings be placed on reserve. These groups will not be listed in the timetable, but they are still valid “courses”. Replace the course code in a non-course reserves list with a label that corresponds to the requesting group. Examples of codes for these might include “IPRH” or “UNIT”.

Items from Residence Hall Libraries

Items from Residence Hall Libraries may not be placed on Course Reserves. If you need an item for Reserves and the only copy on campus is at RHL, purchase a copy for Reserves.

Items to be kept on Permanent Reserves

If an item will stay on Course Reserves permanently, update the **End Date:** to 12/31/2050 or a similar date in the future.

Future Reserves Dates

Semester	Start Date	End Date
Spring 2022	1/11/2022	5/22/2022
Summer 2022	5/9/2022	8/16/2022
Fall 2022	8/15/2022	12/24/2022
Spring 2023	1/10/2023	5/21/2023
Summer 2023	5/8/2023	8/13/2023
Fall 2023	8/21/2023	12/30/2023
Spring 2024	1/9/2024	5/18/2024
Summer 2024	5/6/2024	8/11/2024
Fall 2025	8/18/2025	12/27/2025
Spring 2026	1/13/2026	5/23/2026
